

## Spreyton Primary - Curriculum Intent Statements

PSHE							
Our Values							
Passion		Pride		Positivity		Perseverance	
<p>Children ask <b>questions</b> and can make connections in their learning. They are able to learn in different ways, using their <b>imagination</b> and <b>enthusiasm</b> to develop their skills and are reflective in their learning. Children are keen to learn about themselves and others so they can grow as individuals and support others around them.</p>		<p>The children take <b>pride</b> in the work they produce and want it to be the best they are capable of. They want to <b>share</b> their work with others through class sharing, displays and presentations. We aim to make sure that children feel happy and safe at school so that they can express themselves without fear of being judged. Children are proud of their own achievements and positive towards others.</p>		<p>The children can work together to <b>share</b> ideas and support each other. They can add their ideas and listen to the ideas of others with <b>respect</b>. Children are empowered to talk openly, express their feelings and understand those feelings. We are able to support children with changes and events in their own and their families' lives. Children have a positive attitude to themselves and others in the school, and are polite and well mannered.</p>		<p>The children are <b>self-motivated</b> and <b>independent</b> learners. They can use support materials around the classroom to improve their work. Children understand that friendships need nurturing and understand what being a good friend is about. They work hard to regulate feelings and communicate effectively when things go awry.</p>	
		<b>Sex and relationship education</b>	<b>Drug, alcohol and tobacco education</b>	<b>Keeping safe and managing risk</b>	<b>Mental health and emotional wellbeing</b>	<b>Careers financial capability Economic wellbeing</b>	<b>Identity, society and equality</b>
<p>At Spreyton Primary school, we believe it is vital to equip children with the tools and knowledge to help them navigate through the challenges in life. By carefully following the excellent program of You, Me and PSHE, children are able to openly discuss, share and understand the issues which affect them and will continue to as they mature. We react to events individually, locally and nationally supporting children with changes and events which could have an effect on their and their family's life. Using a range of materials from stories to films we help give children the language they need to express themselves and recognise their own feelings and how these can relate to different behaviours. This gives the children the tools to help understand themselves and others.</p> <p>Sex and Relationships Education is taught as part of the PHSE curriculum and pupils are able to explore this learning about their own feelings and bodies, as well as understand the importance of healthy and appropriate relationships.</p>
